

THE FUTURE IS HERE: AI USES, DANGERS AND RISK MANAGEMENT IN IMMIGRATION AND BEYOND

[Register Here](#)

Co-Sponsored by the Immigration and Naturalization and International Ethics Committees

Thursday January 26, 2023
11:00am EST

Artificial intelligence (AI) is emerging as a popular tool with governments and the private sector. AI has promoters and detractors. AI can simplify decision-making, but it has the potential for bias and discrimination. A panel of experts will discuss the impact of AI on decision-making, privacy, cybersecurity, and strategic risk management.
